**Eagle**

555 TFTS, Luke AFB, mid 1970ies

The image shows a comprehensive paper model kit for a Douglas Eagle aircraft. It includes multiple views of the aircraft: top, bottom, left side, right side, front, and rear. Key components are labeled with numbers and names: 'LA 103' on the nose, '555 TFTS, Luke AFB, mid 1970ies' on the side, and 'Douglas Eagle' at the top. The design features red and white stripes on the wings and tail. There are also smaller parts like landing gear doors and engine nozzles. The text 'v. 2020-08-02' is visible in the bottom right corner.
