

F-15B Eagle

555 TFTS, Luke AFB, mid 1970ies

Figure 1 consists of two parts, (a) and (b), comparing the aerodynamic characteristics of the LAX-114 and LAX-116 aircraft. Part (a) shows the lift coefficient (C_L) and drag coefficient (C_D) versus the angle of attack (α). Part (b) shows the lift-to-drag ratio (L/D) versus the angle of attack (α). The LAX-114 aircraft is represented by a blue line and the LAX-116 aircraft by a red line. The word 'INERT' is written in large letters in the center of the figure.
